Volume - II

From the Chairman's Desk

"Desire is the key to motivation, but it is determination and commitment to an unrelenting pursuit of your goal, a commitment to excellence- that will enable you to attain the success you seek."

Education is not merely acquisition of facts but also of values which help us to improve different facets of mankind. A pivotal role of education lies in shaping the personality of a child into a healthy mind and happy soul, who is not only equipped for academic excellence but also prepared to face the challenge of life in a balanced and harmonious way.

In these unprecedented, shocking and mysterious times of Covid-19 pandemic, a once in a 100 years event, we have no option but to reinvent and upgrade ourselves. History will remember how we behaved and acted in these circumstances, how our character was shaped and perhaps how our reservoir of compassion grew or depleted.

The principal and teachers at Rainbow English Sr. Sec. School have braved these tough times and made a tough yet obvious choice. They decided to rise to the call of duty, deal with anxieties and become a pillar of strength for all. They extended a helping hand to each other to overcome this finite phase with equanimity, nerves to steel and hearts brimming with love and compassion for each other. Teachers would have emerged with upgraded skills in technology, embracing new ways of teaching and having adopted digital literacy.

We owe it to ourselves, our children and parents to prove that, we teachers presumably groomed in old fashion ways, from conventional schools are adaptive to new tools, overhauled curriculum design and the unheard world of virtual pedagogy and can weather the storm to ensure that our children continue to learn and grow.

Now I see the Rainbow family is confident to sustain digital learning plans, ready to cut through the noise of well done and kudos, and more towards a long lasting, robust plan to teach in distance mode.

Let's together make the hues of Rainbow brighter.

Dr. J.R. Kashyap
Chairman, Rainbow Group of Schools
(Delhi, Himachal Pradesh & Haryana)

From the Principal's Desk

I am reminded of Alfred Tennyson's inspiring poem in this moment-
'The old order changeth yielding place to new ... and God fulfills himself
in many ways.....'

The order of things is indeed changing right before our very eyes .Let's not miss the possibility it presents to us to be heroic, combative and be the drivers of change.

The year 2020 has been a reminder that having a crisis plan in place , being clear in your communications and taking your team and your community with you pays dividend when the unthinkable happens.

The corona virus is spreading and we are averaging a thousand deaths per day. Students are on laptops and teachers are on Microsoft Teams delivering "distance learning." It is clear that things will never be the same.

I am trying to figure out how this impacts schooling. As a Principal, I want to put some of my thoughts on paper and share some things I am considering. Let's begin with how we got to this strange and scary time.

There were some challenges in front of me :

- making students ready for distance learning and get teachers ready for it, too.
- reluctant to burden our teachers and students with new ,cumbersome and costly tools.
- to innovate the methods for –careful learning, analysis, original thoughts and students encouragement-being guided by the best teachers.
- mindfulness training to manage stress and emotional management strategies.

I am really happy to see that the Rainbowites demonstrated that they are resilient and able to adapt quickly to the challenges. Sometimes, adversity is the greatest teacher .We must put our hands in hands together to come out of it and really we have done this.

A simple but greatly appreciated example has been the use of social media, online learning and virtual Parents-Teachers meetings-making everyone update with the day to day happenings.

As the Principal of the school, I feel honoured and privileged to be a part of an educational institution where everyone is a learner and every day is an opportunity to learn and discover . We look ourselves as a community of learners where every one learns including our teachers, parents and staff.

Our children have the opportunity to take part in virtual special assemblies, special events, fun activities, webinars and so many other activities. The children love these events and they are such an important part of the school.

Many thanks to those parents who have helped out with our activities. We could not do it without you . I would also like to thank our wonderful staff team for their hard work through out this pandemic year; . Our admin staff –the office staff , who greet all the visitors , answer the phone and complete all the unseen tasks that keep the school functioning.

Last but not the least "Cheer up and keep the optimism surging " "Together we can and we will "succeed.

Sourabh Kashyap
Principal

Message from Headmistress

"The ultimate aim of education is to enable individuals to become the architects of their own education and through that process to continually reinvent themselves."

Dear parents, students and well-wishers of Rainbow English School, my warm greetings to you. MEGA EVENT

**"Celebrating our past, present

38th Foundation day celebration(virtually)

Honest Labour Pays

This year Foundation Day was an opportunity for us to acknowledge some of the tough times we have faced and the incredible ways we have banded together as a community.

Foundation Day for 2020 was entirely a virtual experience to bring together our staff, students and communities from the comfort of your own home. The virtual celebration was conducted to make everyone familiar with the great service rendered by the school over last 38 years to produce responsible citizens for a healthy society.

The virtual celebration commenced with the lighting of the ceremonial lamp by Dr. J.R. Kashyap Chairman (Rainbow group of schools, Delhi and Himachal Pradesh).

A cultural extravaganza including School's meticulous journey of 38 years and School Chairman's hard labour blended in a beautiful poem and celebration by cake cutting at the end was the main attraction of the celebration moreover Rainbowites showed their immense love towards their school. School Anthem was sung by School Choir which filled everyone's heart with proud feelings.*

The school has never digressed from its vision and mission to serve the nation through education. The learning has never stopped here even during lockdown as our students and teachers meet on virtual classrooms regularly.* said School Chairman Dr. J.R. Kashyap in his address while enumerating the school's achievements in various fields throughout the long journey of 38 years.

It was a nostalgic moment for all who were the witness of the virtual celebration.

The Successful Journey of Rainbow continues.....
